Ms. Debi Liebel, Director
Erie County Children and Youth Services
154 West Ninth Street
Erie, Pennsylvania 16501

Dear Ms. Liebel:

Pursuant to a complaint relating to the alleged maltreatment of a child under the care and supervision of your agency, the Western Regional Office of Children, Youth and Families conducted a review on June 29, 2004. This assessment revealed the following concerns with the demeanor and judgment of one of your employees, Abby Conley, Social Service Aide.

The alleged maltreatment occurred on June 9, 2004, but was not reported by Ms. Conley until June 21, 2004. During the interview with Ms. Conley, her explanation of the delay in reporting did not correspond with her expressed concern of the severity of maltreatment.

Throughout an approximate 30 minute interview, Ms. Conley's affect appeared to be labile. Her demeanor vacillated from speaking in a childlike manner, to that of an articulate, knowledgeable professional, to bouts of crying, laughter and angry tones. This vast repertoire of behavior recurred several times during the course of this interview.

The allegations of child maltreatment could not be substantiated partially due to the questionable credibility of Ms. Conley as evidenced by the behaviors outlined above. If you have any questions, you may reach me at (412)-770-9003.

Sincerely,
